Welcome to the release number 15 of **Cicuta Netlabel**. We leave 2012 hit by the crisis, suffocated in the challenge every day, but also with the hope that 2013 will bring some light to the situation that we are enduring. Techno is just techno, and it not feed us, doesn't pay bills, can't afford many of the dramatic situations that people live. But it is also true that music changes the mood, and a positive attitude creates positive actions around us. That's why we like to think that, in our own way, we are helping to improve the system...

Open the EP with **Ad.Lib**, Swiss artist who may not be well known to the general public, but if we tell you that has played at *Tresor* and his music is in the suitcase of people like *Luke Slater* and *Speedy J*, few would have doubt about his quality...

We continue with the French group **Minimum Syndicat**, who is having a major impact in recent months. With a powerful techno and 90's samples, reach **Cicuta** to give us a sample of why they succeed.

Another artist who visit us for the first time is **Komabase**, German artist who after going through labels like *Naked Lunch*, *Labrynth* or *UTCH* and having the support of *Dave Clarke* himself, brings a track quite introspective, full of shapes able to hypnotize the listener.

Then we travel to Lithuania for the first time, to present to *Gediminas Rodmokas*, better known as **Rusk**, artist with a long history (since 1998) under his belt and reaching **Cicuta** after going through some of the most active labels today (*We Call It Hard*, *Dispiared Industrials*, ...)

We follow with **Mslwte**, pseudonym under which we can find the *Subsekt's* blog boss, one of the busiest and most respected by most artists of the current techno scene.

Finally, from **Drugstore** put the icing on the cake with our usual track. We don't want to miss this opportunity to wish you a merry Christmas and wish you a happy new year, full of happiness and in the company of your own.

Relax, listen and enjoy. Welcome, this is **Cicuta Netlabel**.
