Welcome to the release number 18 of **Cicuta Netlabel**. Experts say that good wine improves with age. We think also some techno artists do too. This is the case of the Czech *Tomas Hartl*, aka **Elektrabel**. Authentic globetrotting of techno, active in the scene for over 10 years, and always linked in one way or another to the netaudio scene, reaches **Cicuta Netlabel** to offer an EP which shows its repertoire, themes acids, dark, mental...

Looking back on his career can find releases on labels as important as *UTCH*, *Pohjola* or *Subsist*. In netaudio world has offered its music in netlabels as *Antiritmo*, *Edensonic* or *Transporta*.

As if this were not enough, the release has joined the British **George Lanham**, label manager of *Pareto Park* and one of the most active artists in the European underground techno.

Relax, listen and enjoy. Welcome, this is **Cicuta Netlabel**.
