Welcome to the release number 26 of **Cicuta Netlabel**. A new year comes, a blank book where we're writing new experiences and new challenges. For our part we hope will be a year full of techno, great discoveries and new projects. Also hope to have you on board on this trip.

We begin this 2014 featuring one of the artists who has surprised us in 2013, the German **Mono.xID**. This artist proposes a techno extremely focused to the dance floor, away from the sober and heavy style prevailing in the international scene. In this line he presents us 3 tracks which show very well what we have said about him.

About remixers, we have 2 old label's friend. On the one hand we have **Vegim**, an artist who had the immense pleasure of having in the first release of Cicuta back in 2011, and since then he has done nothing but produce success after success, through labels such as *Planet Rythm*, *Shout Records*, *Naked Lunch*, *Onh.Cet*, *We Call It Hard* or *Mastertraxx*.

On the other hand we have (again) Croatian **i1 Ambivalent**, which also appeared in the first release and which in recent years has continued linked to the netlabel world, with releases on labels like *Kidnapping* or *Dark Garden* and also releases on commercial labels like *Labrynth*. This time he offers us two versions of the same track, so we have more to choose from.

Relax, listen and enjoy. Welcome, this is **Cicuta Netlabel**.
