Welcome to the release number 28 of **Cicuta Netlabel**. Andalusia is a land full of sun, full of light. We all have in mind the typical white villages on the Mediterranean coast. Our trip begins in Madrid, heading to Andalusia, but the end of the road is totally different. It seems incredible that so bright land gives us so dark music, it's exciting...

In this release we present a new value, the Madrid artist based **Goldwine**. We can't give us many of his previous works, as this is one of his first published works, but has a style that will quickly engage with the public.

As for the remixers, we have a good friend back, from Cordoba, **David Reina**, artist with whom we have had the pleasure of working in many releases, in and out of Cicuta. In recent months he has taken an important qualitative leap, what puts him in the squad who are strong knocking on the doors of major labels.

On the other hand, we have the pleasure of welcoming Cicuta an artist that we had time on the trail, from Malaga, **Aphonico**. His style is clean, clear, direct and perfect for the dance floor. We expected a lot from him and his work has not been disappointed. If you want to hear more of his works, you can go through the labels *Nukapa Records*, *Kidnapping Netlabel* or *Dark Garden*, among others...

Relax, listen and enjoy. Welcome, this is **Cicuta Netlabel**.
