Welcome to the release number 33 of **Cicuta Netlabel**. We live in a society where in recent times is forcing us to position ourselves in many aspects of our daily lives. Do you love more Dad or Mom?. You're on Android or iOS? Quiet, gives us the same. If you like music, this is your place ☺.

For the fourth consecutive month, we introduced you to a new value in the international techno scene. This time, we traveled to the UK to discover **Contort**. Having gone through labels as interesting as *NuLabel* or *Android Muziq*, he reaches **Cicuta Netlabel** to present a very interesting EP. Worth listen...

As for the remixers, we have this month 3 old and good friends that we really wanted to have in our catalog. First, we traveled to Belgrade to meet with **Concrete Djz**, very respected artists, managing important projects as the label *Armatura Records*, or one of the most respected podcast series, *Beton Radioshow*.

Moreover, we travel to Malaga to introduce you to Antonio Serrano, aka **Asedub**. Antonio is one of the most interesting of southern Spain Techno activists, as well as one of the project *Minimized Music* leaders.

Relax, listen and enjoy. Welcome, this is **Cicuta Netlabel**.
